On June 26th, 2024, Detective Kyle Krenwinkel, of the St. Tammany Parish Sheriff's Office (STPSO) Criminal Investigations Division, Major Crimes Unit, was assigned report 2023-001310 in reference to a death investigation. The previously mentioned report was originally assigned to former Detective William Roniger. Detective Roniger terminated his employment with St. Tammany Parish Sheriff's office on September 8th, 2023. Detective Roniger left the case incomplete before he departed the Sheriff's office.

On June 26th, 2024, at approximately 1032 hours, Detective Krenwinkel submitted an email to Ana Welch with St. Tammany Parish Coroner's Office and requested the autopsy results for Harmony Moller (W/F DOB: PRIVA1986).

On June 26th, 2024, Detective Krenwinkel reviewed the initial responding STPSO Deputy Jacob Paretti's report. Detective Krenwinkel also submitted a request to the STPSO IS division in reference to unarchiving the Axon captured body worn camera footage for the case 2023-001310. Detective Krenwinkel was later granted access to the footage. The following report and body worn camera footage were summarized.

On February 6th, 2023, at approximately 1411 hours, Deputies Jacob Paretti and James Rudesill were dispatched to [REDACTED] Madisonville, Louisiana 70447, in reference to an unresponsive female subject. Later, at approximately 1432 hours, Sergeant Christen Graham and Deputy Willie Herron arrived on scene.

Upon arrival, deputies made contact with Fire District #4, whom were performing life saving measures upon a white female subject, who was later identified as Harmony Moller. Harmony was located in a bedroom of the complex on the third story at the aforementioned address. Fire District #4 continued to perform lifesaving measures to no avail. Harmony was pronounced deceased on scene at approximately 1458 hours, by [REDACTED] MEDICAL

Deputies spoke with the mother of the decedent, Kathleen Moller (W/F DOB: PRIV 1950). Kathleen last observed Harmony alive on February 6th, 2023, at approximately 1315 hours. Earlier in the day, Harmony informed her she was not feeling well and was throwing up. Harmony informed Kathleen she wanted to take a shower because bathing relieved her reported symptoms. However, Kathleen needed to depart the residence to beat the 2 O'clock traffic. Kathleen ended up showering before Harmony. Once Kathleen finished bathing, she went to inform Harmony the

shower was available. Kathleen knocked on Harmony's bedroom door to no answer. Kathleen became concerned because Harmony's bedroom television was not on. Kathleen reported Harmony's television was on earlier.

At approximately 1330 hours, Kathleen entered the room and observed Harmony laying on her side. Kathleen stated Harmony's skin showed blueish discoloration, "like if you were drowned". Kathleen proceeded to flip Harmony onto her back and did not detect a pulse from Harmony. Kathleen then checked Harmony's eyes and stated "they weren't pinpoint. I'm like, okay, this hasn't been that long then". Kathleen started CPR and heard gurgling from Harmony while she conducted chest compressions. A "mouth sweep" was performed upon Harmony by Kathleen who informed the deputies, nothing was there. Kathleen continued to perform CPR until medical personnel arrived on scene and took over.

Upon the confirmation of Harmony's pronounced death at approximately 1458 hours, deputies secured the scene and started a STPSO crime scene log. At approximately 1459 hours, Sergeant Graham departed the residence and returned to her agency issued patrol unit. At approximately 1518 hours, Sergeant Graham deactivated her body worn camera and later reactivated her body worn camera at approximately 1536 hours.

At approximately 1546 hours, Detective William Roniger arrived on scene and signed the STPSO crime scene log. The scene was turned over to Detective Roniger. Deputies Paretti and Rudesill remained in the area of the stairwell on the third floor while Detective Roniger conducted an investigation. However, during the course of Roniger's investigation, Sergeant Graham's body worn camera was placed on mute and Detective Krenwinkel was unable to listen to the investigative actions taken by Detective Roniger. Sergeant Graham accompanied Detective Roniger throughout the scene. At approximately 1553 hours, Detective Krenwinkel observed Detective Roniger walk down the stairs and made contact with Kathleen.
